MANAGING MIXED AGE GROUPS ONLINE CLASS (5 clock hours)

CLASS DESCRIPTION: This training is designed for child care providers who deal with different ages in the same setting. Participants will learn to manage mixed age groups in a child care setting.

LEARNING OBJECTIVES: As a result of this training, participants will be able to:

- Identify the benefits and challenges of multi-aged grouping
- List ways to adapt daily practices and routines to meet the needs of children in differing age groups.
- Utilize guidelines in choosing and adapting activities for mixed age groups
- Develop a project involving children in differing age groups

WHAT OTHERS ARE SAYING:

i really enjoyed all of the information especially the part about the challenges and the benefits of multi-age groups.

– Nancy P., IL

All the notes and suggestions for each of the four lessons were clear and easy to understand, especially the 8 rules. I know that it will be easy to be incorporated in my program. – Ranee A., CO

It was really nice to see about how you don't need to have planned group activities. I was always so worried about not being able to do that all the time. Now I have new ideas and new things to try when we do plan an activity.

– Marlene H., AZ

Being able to do this online was great. I loved learning how to incorporate ALL the age groups into the same activity, as well as HOW to separate areas of groups, such as my living room couch turned sideways. That is perfect for me as my house is so small!

– Susan C., OR
