## PRINCIPLES OF CHILD DEVELOPMENT ONLINE CLASS (2 clock hours)

**CLASS DESCRIPTION:** This class is an introductory overview of the principles and domains of child development. Students will learn how heredity and environment can influence the course of development.

**LEARNING OBJECTIVES:** As a result of this training, participants will be able to:

- Give examples of what can be influenced by nature or nurture
- Identify the impact of brain development
- Identify the principles of child development and learning
- Name major developmental milestones and their typical ages
- List the major domains of development

## WHAT OTHERS ARE SAYING:

**I learned about defining the principles to ensure the needs of the whole child is met.**

– Brittany B., PA

**The websites with the ages and stages of development were particularly useful.**

– Rita T., KS

**The information on developmental stages of children was my favorite part of this class.**

– Carroll W., NC

**I enjoyed the information on milestones to recognize any potential developmental delays.**

– Marian S., GA
